ANIMAL PORTRAITS

Many of the 25 students attending art classes at Studio e have been or are in the process of learning how to enlarge an image/photograph while transferring it to canvas or matboard. This is a very advanced and complicated project and the children have done beautifully as you can see by some of the examples. They are all very well done and you should be quite proud of your little artist. I strongly encourage you to consider entering your child's work in one or more county fairs this summer. They all deserve a blue ribbon!

This is one of the paintings featured in my solo exhibit, *Cottage Industry*, on display at the Green Market from May 3-July 30. Please see my website for further images and information or, better yet, plan on a delightfully pleasing meal at the Green Market, 64 4th St. N, Fargo. Enjoy the show!

<< **Tract Housing, 2011**

FYI...
 I am working on the summer schedule. Classes fill quickly so please let me know if you are interested in having your child attend!

"I perhaps owe having become a painter to flowers." -Impressionist, Claude Monet
